

**SHERWOOD**  
Public School

Hello Families. We have an upcoming professional activating day taking place on February 2nd. There will be no school for students but staff will be working on the following activities.

**February 2, 2024-Elementary - Sherwood Public School - ALL DAY**

During this professional activity day, educators will be working on the very important task of completing report card comments. The RCDSB values the opportunity that the report card presents to us to communicate important information about how each student is progressing at school. We encourage our families to reach out to us at any time with any questions about assessment and evaluation or for any other matters that help us to work together in partnership.

Reporting Dates for the 2023-2024 School Year:

November 15, 2023 - Progress Reports

February 21, 2024 - Elementary Report Card Date

June 24, 2024 - Elementary Report Card Date

**February 2, 2024-Secondary - Madawaska Valley District High School -ALL DAY**

During this professional activity day, educators will use a student success approach to support the transition of all students from their semester one classes to their semester two classes. This will include finalizing assessment and evaluations from semester one as well as collaborating in reviewing student profiles to ensure that we are best prepared to welcome new students into new classes and to build on their strengths and support their areas of growth.

*As always if you have questions or concerns we want to hear from you. Please reach out anytime.*

*Jennifer Schooley*

Principal of Sherwood Public School and Madawaska Valley District High School
